PDF | February 1, 2013 Matthias Eschrig published Advanced Solid State Physics. Philip Phillips. Page 402. 2nd ed. Cambridge University Press, 2012. PDF | February 1, 2013 In one of my previous studies, I suggested that, just as time "flows" on the surface of the Earth, so in the depths of the Earth it can flow in opposite directions. As proof of this hypothesis, I cited in one of my theses that the force of Earth's gravity and the force of Archimedes at any point on the earth's surface act on bodies in opposite directions. As it turned out, this hypothesis was wrong.
