Rons Gone Wrong Year: 2021 Quality: WEBRip Director: David Geddes Genre: Animation, horror, sci-fi, action, comedy, melodrama, detective, adventure, family Description: The story of an eight-year-old boy, Ron, who lives in a town where all humans are cyborgs. One day his parents die in an accident, and the boy finds himself in an orphanage. There he meets many new friends, with whom he will have to go through a lot of trials. But he's not discouraged - he thinks it's only for the best. After all, thanks to this, he will be able to experience real life, which will be full of problems and adventures. But he has no idea how difficult it will be to get back to his parents. It all started when a young man named John, one fall day, returning from college on the train, he met three beautiful girls. One of them was so charming that he, without thinking for a second, asked for her phone number. And they became friends. "I don't think I know who she is, but I know for sure I like her." He told his family about it, and his father said: "Well, then, if you're going to keep in touch with her, I should know more about her." John, on second thought, agreed. That's how he met his future wife, Diana. They only spent one evening together, and he realized he wouldn't rest until he met her again. He took a driving course and began to learn. He knew that if he threw everything in now and started catching up, he would never catch up. And yet, when she called him again, he knew he just couldn't not answer her call. - I'll wait for you," he told her. - I'll wait for you whenever you come. I'll wait for you until you decide you won't see me again. She was quiet. - I'll think about you," she said. And she hung up. Chapter 32 She thought of me. It was like a miracle, like an epiphany. I didn't know what to do. All kinds of thoughts swarmed in my head. I was afraid. Afraid and hoping that he would come to his senses. Oh, how I wanted to see the look on his face! Maybe he'd smile and look at me and say: - Hi, Jenny! I thought about it all the time. I tried to get him out of my mind. It was so hard! But I tried anyway. I was too excited to sleep, so I sat in the kitchen until dawn. none dd2bc28256
